Instructions

Request for Utility Extension
Any formal request for utility extension should be submitted in writing to the Planning and Community Development Department. Following determination that the requested utility extension is feasible, the Planning and Community Development Department shall forward the request to the Town Clerk for formal consideration by the Town of Mooresville Board of Commissioners. If the parcel(s) proposed for service are outside the Town’s Corporate Limits, the applicant is required to file a voluntary annexation petition for consideration by the Town of Mooresville Board of Commissioners.

The applicant may proceed with the utility extension and associated offsite utility easement acquisition upon approval from the Town of Mooresville Board of Commissioners and Engineering Department. Approval of construction documents, system development charges, and payment of capital improvements costs are coordinated through the Town Planning and Community Development Office and appropriate State agencies prior to construction of those facilities. The payment of all associated system development and availability fees is required prior to the provision of utility service.

Municipal utility service to any unincorporated parcel is subject to double inside rates until the effective date of annexation by the Town of Mooresville Board of Commissioners.

Overview
This application must be submitted to the Mooresville Planning and Community Development Department. You will be notified of the date, time, and location of the meeting upon receipt of application. Applications are placed on the agenda according to the acceptance date. A voluntary annexation fee is required to be paid when submitting the application form. Make checks payable to the Town of Mooresville. The annexation deadline is January 15th for the June annexation and August 15th for the December annexation. All voluntary annexations approved by the Mooresville Board of Commissioners will become effective June 30th and December 30th of the same year.

The annexation procedure is mandated by State Statutes, and for this reason, flexibility is limited. The Town of Mooresville policy requires that any applicant requesting municipal water and/or sanitary sewer services outside of the Corporate Limits of the Town of Mooresville must petition the Town for voluntary annexation.

For additional information regarding the feasibility of municipal utility extension and any applicable extension, system development, and availability fees associated with municipal utility extension, please contact the Planning and Community Development Department at 704-662-7040.

Annexation Petition Process
The Town of Mooresville Board of Commissioners will consider all annexation petitions as prescribed below. A petition for the annexation of contiguous or noncontiguous parcel(s) is formally considered by the Town of Mooresville Board of Commissioners during three separate meetings for issuance of 1) Resolution to Investigate Sufficiency for Annexation, 2) Certificate of Sufficiency, and 3) Resolution Ordering Notice of Public Hearing for each petition or annexation case. Following the Public Hearing, the Town Board of Commissioners may adopt the annexation ordinance incorporating the parcel(s) within the Town of Mooresville Corporate Limits.

Town Board Hearing Proceedings
All exhibits should be numbered and must remain with the Board. Please turn them into the Planning and Community Development Department for tagging. The Planning and Community Development Department shall be notified in writing of a withdrawal fifteen (15) days prior to the January 15th and August 15th deadline to consider a full refund of the application fee. No changes can be made after the Town Clerk certifies an application. Any changes that need to be made will push the application to the next annexation cycle.

Rezoning, Site Plan, and Subdivision Plat Application for Locations outside the Corporate Limits
Any application for rezoning, site plan, or subdivision plat review for any parcel located outside the Town of Mooresville Corporate limits must also include a voluntary annexation petition for incorporation into the Town of Mooresville. Any applications that do not include an annexation petition are ineligible for further consideration by the Town, since jurisdictional release/annexation provides the authority to assign zoning and approve subdivision plats and site plans. For additional information regarding these applications, please contact the Planning and Community Development Department at 704-662-7040.
